

Earth Pattern

How To Use The Reproducible

This bulletin board shows a lot of love for the earth! Give each child a copy of the reproducible and encourage her to color it appropriately to resemble the earth. Explain that it's important to love the earth and take care of it because it is our home. Then invite each youngster to press a heart shaped sponge into a shallow pan of red tempera paint and make a heart print on the earth pattern. When the paint is dry, display the projects on a bulletin board titled "Love the Earth!"
