

# Weekly Weather Chart

FREE  
DOWNLOAD

Thank you for downloading this weather chart freebie. This activity works great after teaching students how to look for and record information using weather apps/sites like [www.weather.com](http://www.weather.com)

Please take the time to leave positive feedback. Be sure to shop and follow my store for math, writing, ELA and science resources at [Planet Doiron](#)

The full weather and water cycle unit can be found [here](#).

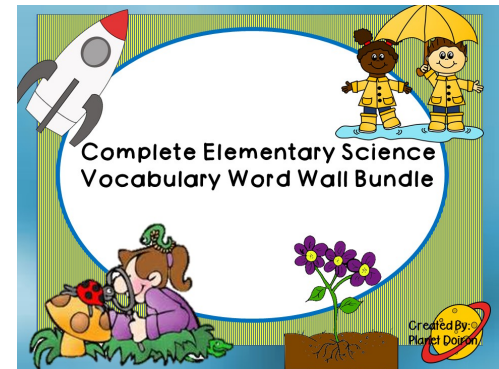

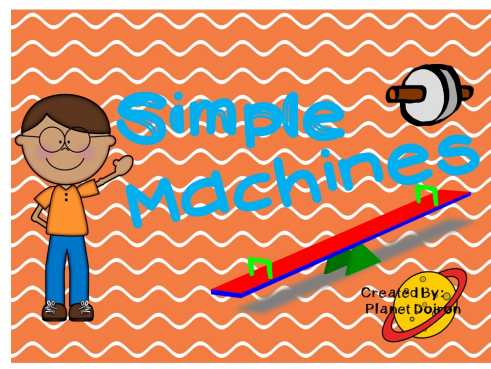

You can also follow me on my [blog](#) and on [Facebook](#)

Thank you and happy teaching!
