

March 20-27 Science work grades 3, 4, & 5

Grades 3 & 5 should have their Science Fair Final Report completed. If you typed it out (which is required for grades 5) please be sure to Email the finished paper to me at phelgerson@childrenofpeaceschool.org. Your tri-fold board is due on Monday, so complete that this week and have it ready to bring to school when we return.

Grades 3, 4, 5 March 20-27:

Watch the following videos: <https://climatekids.nasa.gov/weather-climate/>

Look at the poster on that page and read the information from NASA that is on that page. This is a great site to explore.

Do some research on the weather in your area for the next week. Record yourself doing a detailed weather report, or write out a script for your detailed weather report. Compare weather we have with average temperatures from the past. Use the chart from the attachment that says March 20-27 science grades 3, 4, & 5.
